

Küblis (SUI), December 2, 2022

Dear Presidents and Secretaries

The voting about the two questions asked got the following results:

14 out of 15 NCAs (2 of which with 0 voting rights) took part. The total of voting rights was 27 (1 vote to individual members).

1: Do you agree to remove the part of rule 25 that states it only applies to World and Continental Championships, thus allowing 42.3(i) to be used at any event?

YES: 26 / NO: 0

2: Do you agree, that FI subsidizes the containers going to Geelong AUS with £5'000.- per container?

YES: 25 / NO: 1

Many thanks for your confidence!

Based on this decision the executive will submit now the proposal for the rule change to World Sailing.

Australia will now prepare the NOR including a budget, to allow for an early registration!

Please help us to motivate your members to start planning their participation at the worlds 24 in Geelong and mention the FI subsidies, which makes the container transport affordable!!

Kind regards

Christina
Commodore of Fireball International
